WELCOME TO CALTHORPE PARK

Good Afternoon and a warm welcome to Calthorpe Park for this afternoon's Evo-Stik League South Division 1 South fixture. Especially of course to the supporters, committee and players of our visitors Paulton Rovers.

Last Saturday saw us go out of The Buildbase F.A. Trophy to Salisbury who are flying high in the division above us. The final 0-3 score line did not in any way reflect how close we came to causing an upset and in fact we gave a very good account of ourselves. So much so that Steve Claridge their illustrious manager commented that we had given them one of their toughest games of the season. Praise indeed from such a well informed and experienced football man. The defeat brought to an end our 3 match winning run and of course our new manager David Kelly's one hundred percent record. However as the old cliché goes 'we can now concentrate on the league' which of course is our main priority.

Paulton Rovers our opponents this afternoon like us are in the wrong half of the table but their return of 10 points from their opening nine games puts them 4 places higher than us. We will of course be in for a very tough game but if we play at our best we are more than capable of getting a favourable result. As always we are all really looking forward to the match.

As we all know, the football world has been in deep shock since the terrible and fatal accident at Leicester City last Saturday evening. We as a club of course send our deep condolences to everyone at Leicester and to all the friends and families of the five people who so tragically lost their lives. Like every other club in our league we will be holding a one minute silence before the game this afternoon as a mark of our respect.

Today's match is the second in a run of three home games which ends next Saturday with the visit of Winchester City. This game will be of particular interest to us home supporters because Winchester City are now managed by our ex Player/ Manager, Craig Davis. Extra interest will be added as his team will probably contain 2 or 3 of our old players as well. Anyway, we are all looking forward to it and hope to see a really good turn out from our home supporters.

Enjoy today's game, hopefully see you next week and 'Come on you Blues'

PAULTON ROVERS HISTORY

Paulton Rovers were formed in 1890 by the village's vicar and a local businessman.

The club joined the Western League in 1900 and the best ever position was runners up in 2003/4 securing promotion to the Southern League. They won the Somerset Senior Cup on twelve occasions, and the Somerset Senior League seven times, the last being in 1974, when they were re-admitted to the Western League after an absence of fourteen years.

Their best attendance of 2,070 (deemed maximum capacity) was on 7 November 2009 reaching the FA Cup 1st Round for the first time. The match v Norwich City, was live on ITV1 and to over 30 other countries. Prior to then a crowd believed estimated at over 2,000, saw them take on Crewe Alexandra in the FA Cup 5th qualifying round in 1906.

After playing at several venues in the village, Rovers moved to Winterfield Road in 1954. In 1967, an old RAF hut served as the club house with a licenced bar. Soon plans were drawn mortgage to build bigger premises including skittle alley. The pitch was turned 90 degrees so the club house is built on the one penalty area's. The social club is now the premier venue for many social occasions within the rapidly expanding local community.

New changing room block was built behind the main stand 1972, and the Club was further extended. On promotion to the Southern League the premises and stadium have been improved with the addition of another stand, and covered terracing, training facilities also include an all-weather floodlit court used by Paulton Rovers FC netball teams.

It was under the management team of Darren Perrin and Mike Kilgour that, Rovers secured promotion to the Southern League. Rovers finished just outside the play-offs in the following season and Darren left for Premier Division, Chippenham Town.

In July 2005 Andy Jones stepped up from Reserve Manager. In 2006/7 the club finished runners up in Division 1 South & West Division One and narrowly missed out on the play offs the following year. His successful 5 year tenure was highlighted by reaching the 1st round of the FA Cup.

“Joner's” decided to move on in 2010 and former club captain, Mark Harrington took charge but he stood down after just one season to be replaced by former player, Nick Bunyard. Paul Milsom was assistant to all 3 managers during this time. However the season ended with Rovers winning the Somerset Premier Cup for the first time with a 3-1 win over Bridgwater Town.

After losing out in the play off the previous year in 2013/14 Rovers finished 4th spot and defeated Tiverton Town 3-1 in the semi final when down to 9 men, “Bunny's” men defied the odds to win the Play off Final at Merthyr Town in front of a crowd of 2,201 and thus gain promotion to Step 3 for the first time in their history.

2014/15 finished a more creditable 10th place in the Premier Division, during the close season Bunyard, resigned for personal reasons and the club appointed Richard Fey from Bridgwater Town, but after a disappointing start he resigned and former Bath City boss Tony Ricketts took charge at end of October. Unfortunately the club finished bottom and relegated back to Division 1 South and West.

Despite stabilising things Ricketts left at the end of 2016/17 and former Rovers keeper John Rendell was appointed bringing former players Gary Powell and Paul Tovey as his assistants.
