WELCOME FROM OUR MANAGER SAM WATERS

Good Afternoon and a warm welcome to Calthorpe Park for this afternoons Southern League fixture. Especially of course to the supporters, committee and players of our visitors Mangotsfield United.

Last weekend we travelled to Yate where despite the score line, we were extremely competitive throughout. We started the strongest missing two very good chances early in the game and then went on to control the first 30 minutes of the game before conceding from yet another set-piece. We need to stop giving our opponents a head start in games by conceding extremely poor goals, especially when we had done so much good work prior to the opening goal. We also need to learn to settle ourselves down after conceding & ensure we don't concede again because currently we tend to concede two goals in quick succession which is exactly what happened at Yate. We went in 2-0 down at half time which was disappointing, however yet again we were pleased with our performance. We agreed at half time that we would rather have a go in the second half and lose by 4 or 5 instead of going out on a whimper. The players did go out and had a real go, Meshach Williams scored his 4th goal in as many games to claw us back into the game. We went on to dominate the ball & control the game but then Yate scored a 3rd on the break. A potential turning point came half way through the second half when Meshach was through on goal only to be taken out by the Yate defender, free kick to us & a red card to the defender. We changed the system to release more attacking players higher up the pitch, and penned Yate in their own half for the remainder of the game other than one counter attack, this was when Imran Uche bided his time brilliantly, made an excellent tackle in the penalty area putting the ball out for a corner which the referee gave (only 10 yards away from play) however, the assistant referee on the opposite side of the pitch (approx. 60 yards away) decided to over-rule the referee and a penalty was awarded which enabled Yate to kill the game.

This was the first occasion where I have come away from a 4-1 defeat pleased with the players. They went away to the team who are now top of the league & performed incredibly. We had just as much of the ball (if not more) than Yate did & probably created more clear cut chances in the game. However Yate were very efficient & clinical hence their current league position. The Yate committee commented that the score line flattered them, the players asked us how we were bottom of the league claiming that we were one of the best teams they have played & wouldn't want to play us every week.

We have seen much improved performances over the last 3-4 weeks If we can continue to build on these & stop conceding the types of goals we have been then we will achieve something incredible this season. We knew that with such a young squad that they will get better as the season develops & that is certainly the case. We know our first league win is only around the corner & from there, this group of players are certainly capable of putting a run together. After last Saturday, we don't fear any team in this league.

Thank you to all the fans for their continued support, it is making a real impact within the dressing room which, despite our current position, is an extremely positive & vibrant environment.

Enjoy the game and 'Come on you Blues'

Sam

MANGOTSFIELD UNITED HISTORY

The 2018/19 season is Mangotsfield's 19th campaign as a Southern League club. This is their tenth season in the Evo-Stik League South - South Division, previously finishing 9th in 2009/10, 3rd in 2010/11, (but losing the play-off semi-final, 1-3 to Frome Town), 14th in 2011/12, 13th in 2012/13, 11th in 2013/14, 10th in 2014/15, 14th in 2015/16, 8th in 2016/17, & 16th in 2017/18. The Board of Directors comprises, Mike Richardson as Chairman, & Pete Crowley as Director of Football Club Development.

There has been football in the village since 1888 and four years later, Mangotsfield FC became a founder member of the Bristol & District League (later to become the Western Football League in 1895) but the club folded after 10 years. From 1898 until the 1950s, Mangotsfield FC was disbanded and subsequently reformed on several occasions. In January 1951, the parent club dispensed with the Reserve X1 for financial reasons leaving many local players without a team to play for. These players decided to form a new club in the village and at the start of the 1951-52 season, the newly-established Mangotsfield United FC was entered into the Bristol & District League, Division VII. They achieved five successive promotions and gained entry to the Bristol & District Premier Combination in 1957. The club remained there until 1972-73, when it was accepted in to the Western League.

The Club became established in the Western League during the 1970's and despite being relegated to the first division in 1981-82, "The Field", as they were affectionately known, bounced straight back the following season and under the guidance of the charismatic Ralph Miller, who as Chairman, undertook the task of improving the ground and its facilities, became a force in the Premier, mainly featuring in the leading positions.

In 1991, the club, managed by Harold Jarman and assisted by Terry Rowles, achieved regional glory by taking the (then) Great Mills League Premier Division title, ahead of runners-up Torrington. Disappointingly, they were denied promotion to the Southern League as their ground failed to meet the grading requirements and there followed several lean seasons as the team disbanded. Under newly-elected Chairman Richard Davis, however, off the pitch, things were improving.

Terry Rowles returned to manage the club himself in 1995 and kept them in the spotlight by consistently finishing in the top three/four in the Great Mills/Screwfix League and an appearance in the FA Vase semi-final (losing to Clitheroe), but their ambitions of promotion and Southern League football were always thwarted by the continual success of Taunton and Tiverton Town. It was considered very important to establish a sound working base, improve ground facilities and secure a long-term tenure on their Cossham Street ground.

In earlier years, the Roger Pullin / Richard Davis partnership had seen many improvements take place, with the installation of Conference-style floodlights and at the end of the 2003/04 season, the Cossham Street end of the ground was covered, together with new toilet blocks and social club improvements. Ex player Andy Black returned to the club as Manager in 1999 and guided the club to promotion to the Dr. Martens Southern League and three successful campaigns. The 2003/04 campaign did not go too well and just before Christmas, Black was replaced by Martyn Grimshaw. Towards the end of the campaign, Nigel Webb came in as his Assistant, but the club could only finish in 13th place, which was not high enough for the planned re-structuring of the Pyramid.

The Management duo made promotion their priority in 2004/05 and the club headed the table for most of the campaign, eventually taking the Division One West title with a 21 match unbeaten run. After 28 seasons at Western League level, the club had spent just five campaigns at Southern League level before reaching the Premier Division. The club have looked for financial stability in recent years, with the need to reach out to the community and attract a broader fan-base and local sponsorship. There has been some success in that area with the Cossham Street ground currently named The Curtis Drew Stadium.

Sometimes now referred to as "The Mangos", the 2018/19 campaign, began with the first complete season with **Ollie Price** at the helm together with **Dean Pendry** as Coach. They were in a caretaker capacity in the latter half of the 2017/18 campaign. Their immediate aim is to return to the Southern Football League, Premier Division, where they spent four seasons from 2005-2009, finishing 10th, 9th, 14th and 22nd.
